***We All Need A Second Touch To See***

***Seeing yourself, the truth, others, or God begins when you admit your blindness and leave your comfort zone. To see, often requires a "second touch" by Jesus. Seeing and growing are gradual, but once you begin to see, you can't go back to the old ways. Max Lucado observed, "There is a reason the windshield is bigger than the rear view mirror." As you prepare for worship, consider the ways Jesus can open your eyes so you can leave the old.... Let us pray to have eyes to see the world or see the great need for the kingdom around us.***
